DIAMOND GYMNASTICS

Spring Registration Process & Details

CLASS SUMMARY

Diamond Gymnastics will be offering both 45-minute and 90-minute classes. Our in-person classes operate on a station-based class structure keeping athletes socially distant throughout their workout. Athletes will be working at their own station instead of following a circuit. This class style allows coaches to monitor athletes' individual skill set, strengths and weaknesses to properly assign exercises specific to their personal growth, at a given station. Our extended classes offer athletes the opportunity to regularly utilize the entire facility, with longer durations on each station, providing faster skill development! Athletes are enrolled based skill level and age.

To ensure the safety of our athletes and coaching staff, only participating athletes will be permitted inside. Children enrolled in 15 months – 3 years 6 months classes are required to have an adult accompany them on the gym floor for a mix of a structure class and open gym style format. All classes for children ages 3 years 6 months – 15 years will require drop-off and pick-up at the front door to minimize the number of people in the facility at any given time. Unfortunately, parents/guardians/sitters/siblings will not be permitted in the building for any reason. Thank you for understanding this policy to ensure the safety of our staff and our athletes.
